WORK EXPERIENCE

TeleTech Solutions Ltd – Kigali, Rwanda
Full Stack Developer | June 2024 – Present
As Managing Director and Full Stack Developer, I lead TeleTech Solutions Ltd in delivering a wide range of IT services including website and mobile application development, system hosting, security, maintenance, and graphic design solutions tailored to client needs.

Irembo Ltd – Kigali, Rwanda
Customer Experience Associate | Sept. 2024 – Present
I provided technical support to customers globally, helping users navigate Irembo's digital platforms. My role focused on delivering a seamless customer experience while leveraging digital tools to enhance engagement and resolve

human-centered service issues efficiently.

IremboPay Sales and Technical Consultant Agent | July 2024 – Sept. 2024
 I served as a technical consultant to clients, facilitating smooth API integrations with various platforms and guiding users in real-time transaction tracking and financial reconciliation. My responsibilities also included educating clients on dashboard functionality and contributing feedback to enhance service offerings.

Go Green and Restore Africa Action – Musanze, Rwanda
Web Developer | May 2024 – March 2025
 I oversaw the redesign and content creation for the organization's website, managed social media strategy and visibility, and collaborated with leadership to present project summaries online for greater outreach and impact.

INTERNSHIPS

Go Green and Restore Africa Action – Musanze, Rwanda
Web Developer Intern | Jan. 2024 – April 2024
 During my internship, I worked on updating the organization's website content, creating and managing its social media presence, and preparing comprehensive project summaries to improve digital communication and stakeholder engagement.

Igire Rwanda Organization – Kigali, Rwanda
Website Products Designer & Safeguarding Consultant | Aug. 2023 – Dec. 2023
 I developed and maintained the organization's digital presence, ensuring that website content aligned with client and program needs. I collected and analyzed data across various sectors, including ICT and agriculture, while also contributing to the development of a safeguarding policy.

GAOTek Inc. – Manhattan, New York (Remote)
HR & Digital Marketing Manager | June 2023 – Oct. 2023
 I managed recruitment across multiple departments and collaborated on digital content, including blog posts and social media. Additionally, I supervised employee performance and advised on productivity and work-life balance enhancements.

VOLUNTEERING

International Human Rights Commission – Online
Official Volunteer | Aug. 2021 – Jan. 2025
 Supported human rights advocacy efforts and community development initiatives, focusing on education and outreach within local communities.

CYSU – Commonwealth Youth for Sustainable Urbanisation – Online
Graphic Designer | Jan. 2023 – Jan. 2024
 Designed and shared creative content for CYSU activities, ensuring strong engagement across digital platforms and alignment with Commonwealth initiatives.
